

Bio Parts Cleaner

Biological Cleaner for use in Pedestal Parts Washers

An environmentally friendly alternative to traditional solvent based cleaners – Bio Parts Cleaner is a highly concentrated biologically rich cleaner that digests its own oily wash water.

Designed for use in oil retaining Pedestal parts washers heated at temperatures of up to 40 C.

VOC free, caustic free and non-flammable, Bio Parts Cleaner is safe for both the user and the environment.

KEY PROPERTIES

- Bio Parts Cleaner contains a blend of selected oil degrading bacteria and ultra-low foaming cleaning surfactants.
- Designed for use in heated Pedestal type Parts washers.
- Biological
- Ultra-low foaming
- Pleasant fragrance
- Caustic free
- Non-corrosive
- Non-flammable
- VOC free
- Climate change friendly
- Separator friendly - conforms to EN 858

APPLICATION

- For use in pedestal parts washers at 1.25% concentration, ie 1 litre in an 80 litre bath.
- Always refer to manufacturer's instructions.
- Continuous aeration and water flow is recommended.
- Avoid introducing additional biocides or other detergents, as this will impair Bio Parts Cleaner's biological performance.

TECHNICAL DATA

Appearance	Opaque white liquid	SG	1.03
pH	Approx. 8	VOC Content	Zero
Bacterial count	1.0 x 10 ⁶ cfu/ml	BOD/COD 5 day	75%

PACKAGING

12 x 1 Litre containers

SAFE HANDLING AND STORAGE

Store in original containers and avoid extremes of temperature.
For guidance on handling and disposal see Material Safety Data Sheet.
