

Aqualem C

Semi-Aqueous Industrial Degreaser – with Citrus Oils

The effective cleaning of oil contaminated components and surfaces requires a cleaning chemical with exceptional solvency.

As these cleaning chemicals are applied manually or in a spray system, it is often desirable to have a cleaning agent that can also be diluted in water.

THE SOLUTION

Use a cleaning chemical that:

- removes oil contamination rapidly
- can be diluted in water
- contains no components requiring a Workplace Exposure Limit (WEL)
- is environmentally friendly
- can be diluted in water

AQUALEM C

A semi-aqueous, biodegradable solvent cleaner from Oil Technics Ltd that leaves surfaces oil free.

Suitable for cleaning all types of oil, wax and grease contamination.

APPROVALS

- Registered in Germany as an environmentally acceptable cleaning agent with the UBA (No. 3406-0017)
- Meets UK Defence Standard UN-MOD/NA114/01 for warship cleaning
- Meets European Standard pr EN858 – separator friendly

APPLICATION

- Use at a starting dilution of 1 : 20 (maximum dilution 1 : 200)
- For use via spray, immersion or brush application
- For heavily soiled components, use as supplied.
Soak for 10 minutes then rinse with clean water

TECHNICAL DATA

SG	1.00 – 1.03	VOC Content	< 3.5%
pH	7.0 – 9.0	Flash Point	>70 C

PACKAGING

4 x 5L, 25L, 200L, 1000L

SAFE HANDLING AND STORAGE

Store in original containers and avoid extremes of temperature.

For guidance on handling and disposal see Material Safety Data Sheet.
