

Road Bio LF

Biological Degreaser for Road Surfaces

A fast acting, biologically active, environmentally safe cleaning product designed to degrease road surfaces after oil and fuel spills.

KEY PROPERTIES

- Fast acting biological degreaser
- Biologically accelerates the degradation of oil
- Converts oil into harmless CO₂ and water
- Contains Euro Type 1 bacteria – non-pathogenic and harmless to humans
- Not flammable, combustible or corrosive
- Exceptionally low foaming
- Will not contribute to surface erosion
- Fully biodegradable: > 90% in 28 days
- For use at 4% dilution

APPROVALS

- Separator friendly
- Meets pr EN 858

RECOMMENDED USE

- Shake or stir before dilution.
- Absorb free oil by conventional methods, ie using vacuum tanker and oil absorbents.
- Remove residue with a 4% dilution of Road Bio LF.
- Apply by spray or brush.
- Rinse off with clean water to leave surfaces oil free.
- Run off water will degrade in the soil, verge or drainage system as bacteria in Road Bio LF become active.

TECHNICAL DATA

Appearance	Pale yellow liquid	pH	9.0
VOC Content	Negligible	SG	1.04
Bacterial Count	2 x 10 ⁷ cfu/ml	BOD/COD 28 days	> 90%

PACKAGING

4 x 5 Litres, 25 Litres, 200 Litres, 1000 Litres

SAFE HANDLING AND STORAGE

Store in original containers and avoid extremes of temperature.
For guidance on handling and disposal see Safety Data Sheet.
