

Universal

Solvent Cleaner for Semi-Cured Paints, Resins & Adhesives

A versatile, safe solvent that removes all types of partly cured resins, adhesives and paint spill excesses including metal and epoxy based paints.

Formulated from a blend of oxygenated solvents of very low toxicity, Universal is a versatile cleaner also excellent at removing contamination from oil, grease, inks, coatings and even graffiti.

- High flash point (99°C)
- Negligible VOC content
- Low hazard profile
- No Occupational Exposure Limit

WHERE TO USE

- Excellent at removing oil, grease, coatings, inks, semi cured resins, paints, graffiti and adhesives.

HOW TO USE

- Use as required in wipe, soak, immersion or desktop cleaning applications.
- Can be rinsed off residue free with critical cleaning solvents such as [Lemsolv](#).
- May soften or swell some soft elastomer, bitumen or rubber sealants.
- Test before application or call our Technical Department for advice.
- Available in trigger spray and wipes for bench top use.

PHYSICAL PROPERTIES

• Appearance	Colourless liquid
• Specific gravity	1.080
• Flash point (°C)	99

DISPOSAL

Dispose of excess product according to your local regulations. Containers should be rinsed before recycling.

STORAGE AND SHELF LIFE

Best stored as supplied in original, unopened containers, off the ground and out of direct sunlight.

Do not expose to temperature extremes and prevent contamination from foreign materials. Shelf life: 4 years from Date of Manufacture. For further guidance on handling and storage, see Safety Data Sheet.
